Temperate Barkeepers.

Paradoxical as it may appear, 1,800 barkeepers and saloon men of Jersey City have formed a "Barkeepers' Temperance Union," and the members pledge themselves not to drink any of the liquors which they sell. If any class of men know the evils of whisky drinking it is the barkeepers. They see the seamy side of it, the folly of it, the sin of it, the shame of it and the crime of it. The barkeeper stands face to face daily with men of fine intellect and splendid accomplishment and who are fitted to shine with a steady effulgence on the higher planes rendered maudlin, garrulously silly or gravely idiotic by drink. They see how the term "good fellowship" is prostituted and interpreted to mean getting each other drunk; and how men of parts indulge in loquacious and unheeded insipidity or who are demonized and rendered insane by intoxicants; and if a great disgust can be produced by anything, this will produce it. The Barkeepers' Temperance Union is therefore not unreasonable.—Lexington Democrat.

That Our Team Was Only as Considerate.

Owing to the united protests of the Lexington clergy, there will be no Sunday base ball in Lexington this year. Lexington was to have joined the Sunday Base Ball League, but the men of the cloth have effectually prevented its entrance.—Richmond Register.

Quick Justice.

At a blind tiger in Breathitt county March 8th., John Hensley killed Bud Spicer. He was arrested and a special grand jury ordered to investigate the case. They returned an indictment, and last week was tried and given a sentence of 16 years in the penitentiary, and in less than a week from the commission of the crime, was serving the penalty.

Forgot Her Name.

H. B. Poe, aged seventy and a well-to-do farmer of the Clark's river section of McCracken county, applied to County Clerk Charles Graham at Paducah for a marriage license, but it was not issued because Mr. Poe had forgotten the name of the woman he was to marry.—Courier-Journal.

One Fatality at Least.

An exchange says at least one case of "small-pox" has proved fatal. At Paris, the guard shot and killed a patient who was trying to escape from quarantine.

A Commendable Act.

The Executive Committee of the Kentucky State Fair adopted a resolution prohibiting horse racing with betting at the coming State Fair at Owensboro.

A Good Fisherman.

Uncle Billy Goosey is the champion fisherman, having caught 250 in Lulabegrud creek this spring with hook and line.—Winchester Democrat.

Notice to The Public.

I have not purchased the business of any newspaper or any part of it. The TIMES is the only paper I have any interest in, or have ever had. Please take notice to this fact.

Winchester Court.

But few cattle were on the market Monday, but a good feeling prevailed and prices were better than last court. The best price was obtained for good yearlings which were sold by the head and brought over 5 cents; some good feeders sold for 3 1/2 cts.; good heifers sold for 3 1/2 cts.; and lighter ones for 3 1/4 cts.; fat cows about 3 1/4 cts.; some big oxen brought 4 cts.; a few bunches of hogs, 6 1/2 cts.

Scobee's Yards report most of the cattle at that point sold early in the day. Among the sales were the following:

Simon Weil sold 56 good feeders at 4 1/2 cts.

Mr. Marshall, of Bourbon, sold 31 good yearling steers at \$3 each.

S. M. Boone sold to Winfield Thomas 11 Jersey calves for \$118.

Connie Gaines sold to W. O. Hoskins 15 yearling steers at \$27.60. Mr. Gaines also sold a yearling heifer for \$24.

Jeff Jones sold a cow to D. T. Railsback for \$30; he also sold a heifer at \$35.

Matt Shearer sold 35 good yearling steers at \$30 each.

Jonas Weil bought four big oxen, wt. about 1,500 lbs., at 5 cts.—Winchester Democrat.

Two Killed in Laurel.

While Deputy Sheriff Burt Casteel and his brother, Charles, were trying to arrest Charles Inman at the residence of George Little in Laurel county, Little shot and fatally wounded the deputy. Casteel returned the fire as he fell, killing Little instantly. Inman made his escape, and Casteel died in a few hours after the shooting.

H. C. Warmouth in Business.

Mr. J. W. Tipton invoiced his stock of goods to Mr. H. C. Warmouth the first of the week and he now has possession. Mr. Warmouth is a merchant of experience and is quite popular with Clay City people. Now, with a little printer's ink he can soon build up an enviable business.

Fruits of Teddy's Example.

The marriage of a negro to a white woman was solemnized at the First Presbyterian church in Washington last Thursday. The late T. DeWitt Talmage formerly occupied the pulpit of this church.

Measles a Plenty.

Measles are still very numerous in Clay City. One of the local physicians says he was called to see nineteen cases in the town yesterday.

Mrs. J. A. Webb, who has been in very delicate health for some months, was taken much worse yesterday evening, and is now very sick.

The town was in darkness the greater part of Monday night.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPhearson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by all dealers in patent medicine.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. For sale by all dealers in patent medicine.

Watch for the announcement in these columns.

Danger of Colds and Grip.

The danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for this disease we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all dealers in patent medicine.

Bad Showing For The Blacks.

Of 22 prisoners sent to the penitentiary from Louisville recently, all but two were negroes. This is rather a bad showing for the educated blacks, as no where in the United States have they a better opportunity to acquire an education than in the Falls City.

SEVERE ATTACK OF GRIP Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all dealers in patent medicine.

All sickness is caused by disease germs. These
germs are in the air we breathe, in the water we
drink, in the food we eat, and our bodies are full
of them. Any disorder of the blood, stomach

put these germs to work and sickness and pain
follow. To restore health these germs must be

A Pointer for Farmers.
An agricultural writer impress-
es upon farmers the importance
of aiming and working to secure
the very best in every line of
produce he turns out. He says:
It costs as much to raise a
scrub animal of any kind as it
does to raise the best, and the
difference in the selling price is
often as much as 100 per cent.
It is just the same with grains,
fruits and vegetables. It really
pays only to sow the best seeds.
Yet how very little care is taken
in the selection and preparation
of the seed! The margin of dif-
ference between the poor fat
steer is hardly ever less than \$2
per hundred weight and often as
much as \$4. The difference be-
tween a cow which makes 125 lbs
of butter per year and one which
makes 325 pounds is the differ-
ence between a cow which runs
you into debt and one which will
bring you a net profit of over \$5.
The barrel of choice apples will
sell for \$4 when culls of the same
varieties have to go to the cider
mill. There will always be ten
men that will persist in raising
the poor stuff where there is one
who raises the best. Why not
be that one?

An Aged Sweet Potato.
Mr. John Alcock, of this place,
showed us a sweet potato a few
days ago, which he says is twenty-
four years old. The potato
looks as natural as life, but has
dried until it has turned to wood.
The potato was given to one of
Mr. Alcock's children twenty-four
years ago by an aunt. A day or two
after the child died, and its mother
wrapped the potato in some of its
clothes and put it away in a bureau-
drawer. No one was ever allowed to
handle the potato, and it remained
in the drawer until a few days
ago, when it was taken out and
found to be perfectly preserved.

Farm Better Than Railroad Stock.
An exchange says the gross
earnings of the railroads of the
country are about 12½ per cent.
of the capital invested, while the
gross earnings of the farms were
more than 18 per cent. of the in-
vestment. This gives the im-
pression that the financial profits
of farming are better than rail-
road stocks. And our contempo-
rary overlooks another great ad-
vantage in favor of the farmer.
Whenever a drunken hobo is kill-
ed while stealing a ride on its
cars, the railroad company is sued
for from \$5,000 to \$25,000 for
damages while nobody ever
thinks of suing the farmer when
he kills a tramp for trespassing
on his property and stealing a
chicken.

The reason so many guilty per-
sons escape justice is by the
sharp practices of criminal law-
yers. Indeed, with a skillful at-
torney and plenty of money on
the side of the defense, the life
penalty for any crime is the ex-
ception. Under complex laws
and involved practice the bene-
fit of the doubt may be easily
stretched to shield the guilty,
and this occurs so often that
there is reason to despair of ex-
act and full justice by the pro-
cess of the courts.—Lexington

Be on Time.
Fast time or slow time is unknown
in a reliable watch. We can make
your watch reliable or furnish you
one that is. Accuracy and punc-
tuality are stepping stones to suc-
cess in business or social life. No
person can afford to endanger an
important appointment by not own-
ing a reliable time piece. Watches
that go through my hands are
timekeepers; they are always just
as represented. My warrant is
given with every watch I sell or
repair.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you
a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost
my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a num-
ber of physicians, among others, the most eminent ear specialist of this city, who told me that
only an operation could help me, and even that only temporarily, that the head noises would
then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement, accidentally in a New York paper, and ordered your treat-
ment. After I had used it only a few days according to your directions, the noises ceased, and
to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you
heartily and beg to remain Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

THE FORD'S
BLACK-DRAUGHT
FOR
CONSTIPATION

Constipation is nothing more
than a clogging of the bowels
and nothing less than vital stag-
nation or death if not relieved.
If every constipated sufferer
could realize that he is allowing
poisonous filth to remain in his
system, he would soon get relief.
Constipation invites all kind of
contagion. Headaches, bilious-
ness, colds and many other ail-
ments disappear when consti-
pated bowels are relieved. The-
ford's Black-Draught thoroughly
cleans out the bowels in an easy
and natural manner without the
purging of calomel or other vio-
lent cathartics.

Be sure that you get the origi-
nal Theford's Black-Draught,
made by The Chattanooga Medi-
cine Co. Sold by all druggists in
25 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901.
I cannot recommend Theford's Black-
Draught too highly. I keep it in my house
all the time and have used it for the last
ten years. I never gave a child
any other laxative. I think I could
never be able to work without it
on account of being troubled with
constipation. Your medicine is
all that keeps me up.
